

# Graduate Academy of CPE Supervision Clinical Pastoral Education

## The Clinical Pastoral Education – Student

### Units of CPE Education & Training Leading toward Board Certification as a Chaplain

#### **Become the Board Certified Chaplain:**

Our Graduate Academy offers updated, current, contemporary clinical Pastoral Education and Training. CPE centers in the past have traditionally created dividing lines similar to the silos offered in the medical care industry. These silos have each taken specific paths whereby dividing lines have been maintained. GACS takes a different path, combining major areas such as pastoral psychotherapy, skills, formation, interfaith, and multifaith. We also train future supervisors in CPE who can appreciate, integrate, and apply all of these aspects of chaplaincy. We take CPE back to the days of both Boisen and Cabot yet stay relevant with today's highly competitive market of quality indicators and interfaith chaplaincy.

## The Clinical Pastoral Education – Supervisor Education Fellow

### Units of CPE-SEF Education & Training Leading toward Board Certification as a CPE Supervisor

#### **Become the CPE Supervisor Education Fellow:**

The Graduate Academy of CPE Supervision trains CPE Supervisor Education Fellows (SEF) in the art and science of Clinical Pastoral Education & Training. CPE-SEF Units cost the same as the normal CPE Units.

If you have been called towards the ministry of CPE Supervision, and would like to have a conversation about that, please get ahold of us. If you have been someone who took several units of CPE-SIT Training or Education elsewhere, and for some reason 'stalled-out', please get ahold of us. If you are someone that was told by your CPE Supervisor that you should consider becoming a CPE Supervisor yourself, but never followed up on it, this may be your time.
